Affordable Discount Website Design

We offer our SMBs a discount website design for only \$199 with unlimited pages and database access.

Our website design is CMS (content management system) based with strong SEO (search engine optimization) offering.

About CanadaE.biz Center:

To help Canada SMEs remain competitive in our rapidly changing information economy, CeBA has created **Canada eBusiness Center** (CanadaE.biz Center), an Ottawa-based not-for-profit e-business services and resource centre. The center was created in response to the entrepreneurial community demand for more and better e-business and e-commerce services and resources. We offer a unique and comprehensive collection of e-business information services to help Canadian small businesses adapt to technological change, and maintain and grow their businesses.

CeBA is a non-profit e-business technology incorporation and Chinese business association located in Canadian capital city Ottawa, focusing on providing e-commerce and Information and Communication Technology (ICT) related solutions to Small and Medium sized Enterprises (SMEs).
